

Dyson V15 Detect - PDF calibration fixture

Source-backed file fixture for vacuum competitor extraction

Official source

<https://www.dyson.com/vacuum-cleaners/cordless/v15/detect>

Expected extraction

Field	Expected value or evidence
Brand	Dyson
Model	V15 Detect
Category	Cordless vacuum cleaner / ■■■■
Price band	CNY 3500-6500 equivalent, confirm current local channel price manually
Top selling point P1	Laser or illumination-based dust reveal for fine dust visibility
Top selling point P2	Piezo sensor and LCD-style feedback for dust count / cleaning proof
Top selling point P3	Whole-machine filtration and cordless multi-tool cleaning experience
Parameters to extract	suction, battery/runtime, filtration, noise, attachments, usage feel
Manual-review trigger	If page redirects or exact price is unavailable, reduce confidence and require review

This fixture is intentionally concise: it validates that the MVP can ingest PDF-like product evidence, preserve source attribution, and flag uncertain price or redirected-page fields for manual review.
